(MORE)

BOARD OF EDUCATION (CONT'D)

It seems for nearly a century now  
The Hogwarts Wizardry School has  
been skipping out on their  
standardize testing. You wizards  
can't just front as a school of  
education and not teach the  
essentials.

RON

Essentials?

BOARD OF EDUCATION

Math, Science, History, and of  
course the bloody English language.

HARRY

But they never taught us that, all  
we know about is potions, magic,  
and death.

BOARD OF EDUCATION

Well magic won't help you figure  
out what time to catch the tube.  
Alright, here we go, testing starts  
now.

Board of Education pulls out papers from his brief case.

INT. HOGWARTS CLASSROOM - DAY

From the front of the classroom the Board of Education  
finishes grading papers.

you're illiterate.

RON

What you talking about governor?

BOARD OF EDUCATION

It's no way to go through life with  
out being able to read Shakespeare  
or J.K. Rowling.

He then hands Harry his test.

BOARD OF EDUCATION (CONT'D)

Harry Potter, according to our test you did so poorly, Harry, that in fact, you are legally mentally handicapped.

HARRY

But I defeated Voldemort.

HAGRID

You're an idiot, Harry.

BOARD OF EDUCATION

Looks like the whole school did poorly on these standardize tests. I'm going to have to recommend food services for the lot of ya.

Board of Education hands out hair nets.

BOARD OF EDUCATION (CONT'D)

Good luck at your jobs. Just don't ask about McNuggets because they're made from your wizard owls.
